

# WORKSMAN CYCLES 2008 YOUTH SERIES TRICYCLES

## FACTORY DIRECT PRICE SHEET

JUNIOR PORT-O-TRIKE

TR16

MICAH SPECIAL NEEDS TRIKE

CHARIOT AND DOUBLE-CHARIOT

**THE WORKSMAN JUNIOR PORT-O-TRIKE** – The low-cost solution to high-priced, specialty adolescent tricycles! (Ages 7-13)  
 The Junior Port-O-Trike can accommodate riders with an inseam of 18" – 24" (shorter seatpost) and 24" – 28" (optional longer seatpost). It folds for easy storage and transport, and has a 13" step-over height in the center of the frame. (Shown with optional White Wall Tires and Front Drum Brake.)

MODEL	DESCRIPTION	BRAKE	UPS	PRICE
PT-JR-FD	20" Junior Port-O-Trike with 1 Speed Fixed-Drive Sprocket (Single Front Caliper Brake Only)	CL	YES	\$419
PT-JR	20" Junior Port-O-Trike with 1 Speed Freewheel (Single Front Caliper Brake Only)	CL	YES	\$419
PT2F-JR	20" Junior Port-O-Trike with 1 Speed Freewheel (2 Front Hand Brakes – Caliper and Drum)	CL/FD	YES	\$465
PTCB-JR	20" Junior Port-O-Trike with 1 Speed Coaster Brake	CL/CB	YES	\$485
PT3CB-JR	20" Junior Port-O-Trike with 3 Speed Coaster Brake	CL/3CB	YES	\$535

**THE WORKSMAN TR16** – The perfect tricycle for children outgrowing their toddler trikes, but not quite ready for bicycles. (Ages 3-10)  
 The TR16 and Junior Port-O-Trike share the same frame, but the TR16's smaller wheels and crank arms make this trike perfect for younger children. The minimum required inseam is 17" with the short seatpost, and can accommodate up to a 27" inseam with the long seatpost. It has an 11" step-over height in the center of the frame, and is 61" long and 29½" wide. (Shown with optional Backrest and Weighted Rubber-Strap Pedals.)

MODEL	DESCRIPTION	BRAKE	UPS	PRICE
TR16-FD	16" TR16 Trike with 1 Speed Fixed-Drive Sprocket (Single Front Drum Brake Only)	FD	YES	\$419
TR16-FW	16" TR16 Trike with 1 Speed Freewheel Sprocket (Single Front Drum Brake Only)	FD	YES	\$419

TR16-3CB	16" TR16 Trike with 3 Speed Coaster Brake	FD/3CB	YES	\$535

The Junior Port-O-Trike and TR16 ship economically via UPS in only one carton and require minimal assembly! Extra seatposts are sold separately. Minimum inseam for TR16 is 17", and Junior PT is 18" or 24", depending on seatpost.

**THE WORKSMAN MICAH SPECIAL NEEDS TRIKE** – The Micah is perfect for individuals and special needs institutions for motor-skill development and exercise. Its ability to move forward and reverse, wide range of adjustments, and supportive seat make it the perfect tool for fun! It also features an aluminum frame, full-support pedals, and has rear care-giver steering. (The Micah is an imported trike, not made in our NYC factory.)
